When you buy any Kimball Piano (such as this lovely Consolette Medel) you are buying the result of 80 years of research and expenence.

· The FAVORITE for three generations -proved by the fact that it has consistently outsold every other make of piano, by a wide margin—the Kimball of today is a liner instrument than ever because its makers have all the accumulated knowledge of those many years of experience to draw upon.

The appearance of your home will be enhanced—
